

The Aquarium

The aquarium is a place where you can see marine animals. Marine animals are animals that live in the water. When you go to an aquarium you can see things like fish, jellyfish or stingrays. You may see small sea animals like starfish and crabs. You may see large sea animals like an octopus or a shark. Other animals you may see at the aquarium are turtles or sea otters. Some of the animals at an aquarium live in tanks with fresh water, and others live in salt water. The aquarium is an interesting place to visit.
